2. PRODUCT CHANGES

1 July 2018

Downsizer contributions

These are contributions you make after age 65 from the proceeds of selling your family home. Downsizer contributions are not counted under the non-concessional contributions cap, but have a separate limit of \$300,000. To be eligible to make downsizer contributions you must have sold your family home after 1 July 2018 and made the contributions within 90 days of receiving the proceeds. You (or your spouse) must have owned the family home for at least 10 years before selling it and be able to claim the main residence capital gains tax exemption. You must also submit the ATO approved forms with your downsizer contributions.

If the ATO notifies the fund that the contributions do not meet the above requirements, the super fund will treat the contributions as personal contributions. If the member is not eligible to make personal contributions, the fund will be required to refund the contributions.

First Home Super Saver Scheme

You can make voluntary contributions to your super account and later withdraw those contributions with interest to help buy or build your first home. Voluntary contributions are personal contributions (concessional or non-concessional) and salary sacrifice contributions made after 1 July 2017. The maximum that can be released is \$15,000 of voluntary contributions per year (\$12,750 if the contributions are concessional contributions) or \$30,000 of voluntary contributions in total (\$25,500 if the contributions are concessional contributions) plus interest calculated by the ATO.

When you are ready to buy or build your first home, you apply to the ATO to release those voluntary contributions (less 15 per cent tax if the contributions are concessional contributions) plus amount for earnings calculated by the ATO. You must be aged 18 or more and have not previously owned property before. Firstly, the ATO calculates how much can be released from your super. You then request a withdrawal up to that amount and the super fund pays this amount to the ATO. The ATO releases the amount to you after deducting withholding tax on the assessable amount (the concessional contributions and earnings). Once you receive this amount from the ATO you have 12 to 24 months to sign contracts to purchase/build a first home. If you haven't purchased a new home after the 12 to 24 month period you can either re-contribute the released amount back to super as a non-concessional personal contribution or the ATO will levy additional tax on it.

Superannuation Complaints Tribunal replacement

From 1 November 2018 the Superannuation Complaints Tribunal will be replaced by the Australian Financial Complaints Authority.

Tax file numbers

Please replace the current Tax file numbers section within the disclosure with the following:

'Please provide your tax file number (TFN) when acquiring this product. Under the *Superannuation Industry (Supervision) Act 1993*, the Trustee is authorised to collect your TFN, which will only be used for lawful purposes and in accordance with the *Privacy Act 1988*. It is not an offence if you choose not to provide your TFN, but providing it has advantages, including:

- we will be able to accept all permitted contributions
- other than the tax that may ordinarily apply, you will not pay more tax than you need to
- it will be easier to find different superannuation and/or pension accounts in your name.

The Trustee requires your TFN in order to process your superannuation or pension application.

Monthly Member Fee name change

The Monthly Member Fee was renamed to Account Keeping Fee on 1 July 2018. This is a name change only and does not affect the administration fees you currently pay.

7 February 2018

Investment limits on IOOF LifeTrack IDPS product

Remove the below Investment Limits section on page 2 of the IOOF LifeTrack investment guide. These investment limits no longer apply.

'In order to maintain liquidity and diversification in your account, we set limits on the amount of your account balance which can be allocated to particular options. The limits are set out in the table below and are only assessed at the time an investment is made.'

We will not monitor these limits on an ongoing basis and will generally not sell down investment options if these limits are exceeded, other than where necessary to maintain liquidity in your account or for any other reason where we determine the sale to be in your best interests or the best interests of the Service as a whole.'

Investment option	Investment limit
Restricted investments	30% of your account balance in each investment option or in each Investment Category, with not more than 70% of your account balance invested in restricted investments.
Term investments	95% of your account balance.
Listed investments	30% of your account balance in each listed investment, with not more than 95% of your account balance invested in listed investments.

In addition, any combination of the above investment options must not exceed 95 per cent of your account balance.

23 August 2017

Contact number for the Financial Ombudsman Service

Please note there is a new telephone number in service for the Financial Ombudsman Service Limited (FOS) – 1800 367 287.

All calls to the old FOS phone number will be redirected until 30 September 2017. After this date the redirection will stop and a pre-recorded message will advise callers of the new number. From 31 December 2017 the old 1300 number will be disconnected completely.

9 September 2016

Operational Risk Financial Reserve levy for IOOF Portfolio Service Superannuation Fund

Under legislative requirements that came into effect on 1 July 2013, trustees are required to maintain adequate financial resources to address losses arising from an operational risk event.

The Operational Risk Financial Reserve (ORFR) is in place to compensate beneficiaries for the direct financial losses arising as result of an operational risk event.

Trustees must determine the target amount to be set aside for these purposes, based on guidelines provided by the Australian Prudential Regulation Authority. The target amount of 0.25 per cent of the value of the assets of the Fund must be achieved by the end of a three year period. In order to reach the target amount for the Fund, an amount will be levied against each member's account and will be deducted for the 2013/14 year and the following two financial years.

Should an operational risk event occur post 1 July 2013, additional deductions against each member's account may occur to restore the Operational Risk Financial Reserve (ORFR) back to the target amount.

- **ORFR levy – 2013/14 year**

We confirm the ORFR levy of \$40 was deducted on 27 June 2014 for the 2013/14 year. Your annual statement will detail the ORFR levy which was deducted against your account for the 2013/14 year.

- **ORFR levy – 2014/15 year**
For the 2014/2015 financial year there will be no deduction from members' accounts. The funding method for the 2015/2016 financial year will be reviewed and communicated in due course.
- **ORFR levy – 2015/16 year**
We confirm there will be no deduction from members' accounts relating to the ORFR levy for the 2015/16 financial year.

APRA levy

Commonwealth costs associated with the implementation of the SuperStream measures will be paid for by an increase to the existing APRA levy imposed on APRA regulated funds. The levy will collect a total of \$467 million from funds between 2012/13 and 2017/18.

The APRA levy will be adjusted each year based on the applicable rate determined by the Government, the number of members in the Fund and the total assets of the Fund.

The Trustee has determined to recoup the cost of the levy from members of the Fund, each year until 2017/18.

- **APRA levy – 2013/14 year**
The APRA levy amount payable by members for the 2013/14 financial year and deducted from members' accounts on 18 December 2013 was \$6.87. This fee was deducted on a flat fee basis from all members' accounts in the Fund regardless of their account balance.
- **APRA levy – 2014/15 year**
We confirm the APRA levy of \$5.55 was deducted on 24 December 2014 for the 2014/15 financial year. Please note, this fee has been deducted on a flat fee basis on all members' accounts in the Fund where their account balance was \$10 or more.
- **APRA levy – 2015/16 year**
We confirm there will be no deduction from members' accounts relating to the APRA levy for the 2015/16 financial year.

2 August 2016

Contribution cap changes for 2016/17

2016/17 Concessional contribution cap

The concessional contributions cap is \$30,000 and \$35,000 if you are at least age 49 on 30 June 2016.

2016/17 Non-concessional contribution cap

The non-concessional contributions cap is \$180,000 (or \$540,000 if bring forward the next two years entitlement).

18 June 2016

Cash Account enhancements

Following a recent review of the platform Cash Account, IOOF Investment Management Limited (IIML) as Trustee has decided to make some enhancements to the Cash Account's underlying investment exposure, to provide further diversification benefits.

The Cash Account is currently invested in an operating bank account (for day-to-day transactions) and the IOOF Cash and Income Fund (ARSN 087 727 277). Effective from 18 June 2016, the Cash Account will expand its exposure to also include investment in the Cash Management Fund (ARSN 089 508 636) – IIML is the Responsible Entity of the Cash Management Fund).

The estimated indirect management cost of Cash Account is expected to remain equivalent to its current fee.

15 June 2016

Change in the surplus cash feature

Replace the paragraph under **Surplus Cash** on page 13 of the IOOF LifeTrack PDS with the following:

We will review your Cash Account on or around the 15th day of each month. If your Cash Account exceeds your minimum balance plus \$200, we will invest the excess according to your Standing Investment Instruction (see page 17) if you have provided one. The excess (if applicable) will normally be invested within 5 business days following our review of your Cash Account balance.

7 August 2015

Additional information regarding term deposit early redemption

Replace the paragraph under **Early redemption** on page 16 of the IOOF LifeTrack investment guide (LTR.10) with the following:

'We have the right on your behalf to redeem a term deposit early where your account has insufficient funds to meet required payments from the Cash Account. Depending on the terms and conditions of the term deposit, there may be a delay of up to 31 days in obtaining the funds when redeeming early from a term deposit. This may also result in the term deposit interest rate being reduced.'

1 July 2015

Preservation age changes

Generally, under superannuation laws, you cannot access your super until you retire on or after reaching preservation age.

From 1 July 2015, the preservation age will increase from 55 to 56 for those born after 1 July 1960. The preservation age will gradually increase to 60 in the coming years, see the table below.

Date of birth	Preservation age
Before 1 July 1960	55
1 July 1960 – 30 June 1961	56
1 July 1961 – 30 June 1962	57
1 July 1962 – 30 June 1963	58
1 July 1963 – 30 June 1964	59
After 30 June 1964	60

1 July 2013

Removal of member protection

From 1 July 2013, member protection standards under the Superannuation Industry Supervision (SIS) Regulations were removed. Member protection limited the amount of fees and charges applied to account balances of less than \$1,000. Instead, from 1 July 2013 in order to protect small, inactive accounts from being eroded by fees and charges, these accounts will be transferred to the Australian Taxation Office (ATO). You'll be able to claim the account balances from the ATO at any time.
