14 February 2018

Introducing indexation of advice fees

From 14 February 2018, a new indexation option has been introduced to the flat dollar Investor Advice Fee – Ongoing and flat dollar Investor Advice Fee – Licensee.

The new indexed advice fee option does not impact any existing fees charged on your account.

The following text should be read in conjunction with the relevant IOOF Pursuit Select Investment Service IDPS Guide.

Investor Advice Fee – Ongoing

You can agree that this advice fee is to be deducted based on the value of your account and/or a fixed dollar amount on an ongoing basis. This fee is charged by us and we deduct the net cost from your account. We then pay the full amount of our fee to the financial adviser for ongoing financial advice and services provided to you in relation to your account. You can agree with the financial adviser on the amount of this fee which can be:

- flat percentage fee of up to a maximum of 2.2 per cent per annum (inclusive of GST) of your account balance (calculated daily); **or**
- tiered percentage fee of up to a maximum of 2.2 per cent per annum (inclusive of GST) to apply at different account balance (calculated daily), subject to a maximum of five tiers; **and/or**
- flat dollar fee up to a maximum of \$1,500¹ per month (inclusive of GST). If you have nominated a flat dollar fee, you can also elect to automatically index this fee by the Consumer Price Index² (CPI) or a fixed percentage (up to a maximum of 10.0 per cent) each year.

The amount of this fee is accrued daily and is deducted from your Cash Account at the beginning of each calendar month. For example, on an average monthly account balance (over 12 months) of \$50,000, we would pay the financial adviser up to a maximum of \$1,100 per annum (based on a flat percentage Investor Advice Fee – Ongoing of 2.2 per cent per annum) (inclusive of GST).

Investor Advice Fee – Licensee

You can agree that this advice fee is to be deducted based on the value of your account or a fixed dollar amount on an ongoing basis. This fee is charged by us and we deduct the net cost from your account. We then pay the full amount of our fee to the financial adviser's licensee for ongoing financial advice and services provided to you in relation to your account. You can agree with the financial adviser on the amount of this fee which can be either:

- flat percentage fee of up to a maximum of 1.1 per cent per annum (inclusive of GST) of your account balance (calculated daily); **or**
- tiered percentage fee up to a maximum of 1.1 per cent per annum (inclusive of GST) to apply at different account balance (calculated daily), subject to a maximum of five tiers; **or**
- flat dollar fee up to a maximum of \$750³ per month (inclusive of GST). If you have nominated a flat dollar fee, you can also elect to automatically index this fee by the Consumer Price Index⁴ (CPI) or a fixed percentage (up to a maximum of 10.0 per cent) each year.

¹ This maximum could be exceeded in subsequent years if you choose to apply automatic indexation.

² The CPI applied each year will be based on 30 June figure released by the Reserve Bank of Australia from the previous financial year.

³ This maximum could be exceeded in subsequent years if you choose to apply automatic indexation.

⁴ The CPI applied each year will be based on 30 June figure released by the Reserve Bank of Australia from the previous financial year.

The amount of this fee is accrued daily and is deducted from your Cash Account at the beginning of each calendar month. For example, on an average monthly account balance (over 12 months) of \$50,000, we would pay the financial adviser's licensee up to a maximum of \$550 per annum (based on a flat percentage Investor Advice Fee – Licensee of 1.1 per cent per annum) (inclusive of GST).

Investment limits on Pursuit Core IDPS

Remove the below Investment Limits section on the IOOF Pursuit Core investment guide. These investment limits no longer apply.

'In order to maintain liquidity and diversification in your account, we set limits on the amount of your account balance which can be allocated to particular options. The limits are set out in the table below and are only assessed at the time an investment is made.

We will not monitor these limits on an ongoing basis and will generally not sell down investment options if these limits are exceeded, other than where necessary to maintain liquidity in your account or for any other reason where we determine the sale to be in your best interests or the best interests of the Service as a whole.'

Investment option	Investment limit
Restricted investments	30% of your account balance in each investment option or in each Investment Category, with not more than 70% of your account balance invested in restricted investments.
Term investments	95% of your account balance.
Listed investments	30% of your account balance in each listed investment, with not more than 95% of your account balance invested in listed investments.

In addition, any combination of the above investment options must not exceed 95 per cent of your account balance.

Automatic Re-weight Facility – Standing instruction

With the assistance of your adviser, you can nominate to set up an Automatic Re-weight Facility (ARF) standing instruction via Portfolio Online (POL). Alternatively you can complete and submit the instruction via the Investment Instructions form available from our website www.ioof.com.au. With the ARF, you can choose to re-weight your managed investments and cash account only to a desired weighting percentage allocation or in line with your primary instruction allocation, provided it is in place and all managed investments are available for trading. Automatic re-weights will occur on the 20th business day of the month and you can choose your frequency from quarterly, half yearly or yearly.

Please note that your adviser can place, as well as modify, an ARF standing instruction on POL at any time. Provided you have a valid email address on POL, you will receive an email notification each time your adviser submits an ARF standing instruction. You are also able to log directly into POL at any time to view further details.

Updates have been made to the Pursuit Core investment guides effective 1 July 2016. The guides have been updated to reflect Pursuit's enhanced online transacting capabilities and transaction confirmations via Portfolio Online.

Cash Account enhancements

Following a recent review of the platform Cash Account, IOOF Investment Management Limited (IIML) as Trustee has decided to make some enhancements to the Cash Account's underlying investment exposure, to provide further diversification benefits.

The Cash Account is currently invested in an operating bank account (for day-to-day transactions) and the IOOF Cash and Income Fund (ARSN 087 727 277). Effective from 18 June 2016, the Cash Account will expand its exposure to also include investment in the Cash Management Fund (ARSN 089 508 636) – IIML is the Responsible Entity of the Cash Management Fund).

The estimated indirect management cost of Cash Account is expected to remain equivalent to its current fee.

Change in the surplus cash feature

Replace the paragraph under **Surplus Cash** on page 21 of the Pursuit Core Investment Service IDPS Guide with the following:

We will review your Cash Account on the 15th day (or nearest business day after the 15th) of February, May, August and November. The excess (if applicable) will normally be invested within five business days following our review of your Cash Account balance.

30 May 2016

Financial adviser authority and online withdrawals

We introduced new functionality that allows your financial adviser to make partial online withdrawals from your account on your behalf via Portfolio Online; saving you time and giving you access to your money sooner.

Before an online withdrawal request can be made online on your behalf, you must update your existing Financial Adviser Authority, or put a new Authority in place by completing the Financial Adviser Authority form. The Financial Adviser Authority form has three key requirements:

- Proof of identity: This is required under Anti-Money Laundering and Counter-Terrorism Financing Laws.
- Bank account details: The bank account nominated must be held solely or jointly in your name.
- Co-signed by you and your adviser: The form must be completed and co-signed by both you and your adviser.

Replace the paragraph under **Early redemption** on page 17 of the IOOF Pursuit Core investment guide with the following:

Depending on the terms and conditions of the term deposit, there may be a delay of up to 31 days in obtaining the funds when redeeming early from a term deposit. This may also result in the term deposit interest rate being reduced.'
