Additional contributions	\$500
Regular savings plan	\$100 per month
Withdrawal	\$500
Regular withdrawal	\$200 per month, quarter, half-year or year

Investment objective

To grow the value of your investment over the medium to long term by investing in a UMF providing exposure to mid and small capitalisation (mid-small cap) Australian shares.

The UMF aims to achieve returns (before fees and taxes) in excess of the benchmark (70% S&P/ASX Midcap 50 Accumulation Index and 30% S&P/ASX Small Ordinaries Accumulation Index) over the medium to long term.

Investment strategy

The Fund aims to be fully invested, providing investment exposure to mid-small cap Australian shares.

The UMF invests in a portfolio of listed mid and small cap Australian equities which are primarily chosen from the S&P/ASX 300 Index, but generally excludes securities from the S&P/ASX 50 Leaders Index.

The UMF is authorised to utilise approved derivative instruments. It is the intention that investment in derivatives is primarily undertaken for the purpose of managing risk.

In all cases there will be cash and/or underlying assets available to meet the exposure positions of the derivative instruments.

For short periods of time the UMF may hold foreign currency-denominated investments and be exposed to movements in foreign exchange rates since this exposure is generally not hedged. These investments arise as a consequence of the primary listing of the investment moving out of Australia, rather than a decision to invest overseas directly.

- 1 Any investment management costs paid to underlying fund managers (excluding performance fees) are paid out of this fee and are not an additional charge to investors. Fund expense recoveries and performance fees (if applicable) will be charged in addition to this fee. Investor advice fees may apply depending on what arrangement investors have negotiated with their financial adviser. Please refer to the latest PDS or www.ioof.com.au for further information on fees and costs.
- 2 Performance is net of management costs, expenses and tax. Performance is based on exit price to exit price for the period. Management costs, tax and other expenses are accounted for in the exit price. Past performance is not a reliable indicator of future performance. Please refer to www.ioof.com.au for updated performance information. Performance data is provided by FE fundinfo (FE fundinfo (Australia) Pty Limited, ABN 18 601 868 311).
